# FOUNDER'S WELCOME

**Hello, and welcome to ELLA - The Essential Life Learning Academy.**

At ELLA, we specialize in equipping you with practical skills that traditional schools often overlook. Our mission is to provide you with the essential knowledge and confidence you need to navigate life's important milestones.

We understand that each individual's journey is unique, and our comprehensive programs are crafted to address the diverse challenges you may face.

Join us at ELLA, where learning meets life, and take the first step towards mastering the essentials of everyday living. Your journey towards a more informed and confident future starts here!

# OUR MISSION

Our mission at ELLA is to provide our students with an unbeatable level of quality when it comes to our course materials, session recordings, and online infrastructure.

We work with technology providers and mediators worldwide to ensure that our courses are of professional standards, and available 24/7 for our enrolled students.

# ONLINE STUDENT FORUMS

## Study With Friends

Our website enables students not only to study, but to create their own online profile and engage with their friends and peers through our dedicated student forums!

# PASS RATES

We are pleased to announce that our student pass rates on average have reached 92%.

All students receive regular “check-ins” from their course mentor(s), as well as access to further support should they need it.

# ENTRY REQUIREMENTS

These are the key entry requirements that we request every student to meet before enrolling onto a course. We do not require specific educational requirements to enrol.

Students must be over 15 years of age, or must have permission from a parent / guardian to enrol.

Students must declare any physical / learning disabilities that may impact their ability to keep on track with their course(s), and so that directors can provide extra resources / assistance if needed

Students must be prepared to complete their course(s) before the deadline given before they complete enrolment.

# FEES

At ELLA, we price our courses on a one-off basis, meaning there is a single charge to gain access to each course, as opposed to the more common subscription model that other providers use.

We also understand that every student's financial situation is different, and that is why we have made our courses as affordable as possible, as well as offering certain flexible finance options to eligible students
